

HAITIANS FOR HIS KINGDOM

THE LERISSE FAMILY
MISSIONARIES ON THE ISLAND OF HISPANIOLA

June/July 2021

Dear Prayer and Support Partners,

June and July found us up to our elbows busy and going forward for the glory of God. It seems that during this time our Father really accentuated honesty and integrity in the work here. On an island where the people of one side are referred to as “the sons of pirates” and on the other “the sons of devils” it is no wonder that honest and sincere living turns heads and gains attention.

Continually progressing with the building program, a local building material supplier allowed me to establish credit with them, paying off the balance every month. Recently they wanted to increase the credit and extend the payoff time to two months because of our ministry’s honest transactions. Our Haitian people are continually amazed to see what doors God opens and what He entrust to us as a result of honest living with integrity.

During camp, we rented a facility that is run by a different denomination. As the workers watched our group during the week they commented on the respectfulness of our young people, their self-control, and their spirituality. Watching the young people assemble in groups for morning devotions, and then assemble again in the afternoon for a noon time of prayer and worship, the workers commented on the fact that they could see that our focus with our young people begins on the inside and works out. In a country where Haitians have a reproachful reputation, the Spirit of God removed that reproach by the upright conduct of our campers. Also during camp time, one young man took the opportunity to witness to a lady whose job it was to keep things clean. She had been slipping in each night during the services. She joyfully trusted Christ as her savior and on our last night there she asked if we could baptize her before our group left. After the evening service on the final night all the campers gathered around the swimming pool singing “There is a fountain filled with blood” as she was plunged into believers’ baptism!

To be transparent, on this island we have to be vigilant about honesty and integrity. On every turn, I must be guarding against lies and crooked dealings; but it is a fight worth fighting as we see God's rewards for uprightness and honesty.

Please pray for us. Pray for our children that our Father would grow them into honest, sincere, upright adults. Pray for our people that God would break the strong hold of lies and deceit. And finally please prayerfully consider what you can do toward our building project. We still have a ways to go and we need many helpers in prayer and financial support. We are believing God to complete that good thing which HE has begun!

All 4 His Glory,
